Member's Price - Php 150.00

You get 50% profit for the retailer activation cards.

- Remittance Profit or Mark-up price

- Dealer can transact a maximum of 10 remittances per day

We are promoting to our clients the advantage of being a GPRS member because **GPRS to GPRS transaction** is only Php 25.00. Meaning when we transfer our Ecash from another member, the system will only charge us Php 25.00 any amount. Someone can load his/her Ecash with big amount and he/she can sell his/her Ecash to other members. The mark up can be dictated by him/her since he/she has the funds. If the system is charging Php 25.00, the member who invested can put a mark-up of Php 5.00 to Php 10.00. This is an option if some member don't have time to go to banks to deposit for their Ecash. However, the best option is to maximize the networking side of the business. Time will come we do not have to put a revolving fund in our Ecash since our weekly commission is providing as the funds.

In the event that non-GPRS member will use our facility to remit money from overseas to the Philippines there is another option of **Ecash to GPRS outlets**. In this scenario, we can put a mark up closer to the amount they've been paying for their regular remittance. For example - if they are getting a charge of Php 200.00 from their previous remittance holder we can charge them Php 100.00 to Php 150.00. The money can be fetched in any GPRS outlet. Nevertheless, majority of GPRS outlets are now in the process of upgrading including the Management system of the outlet. Upgraded outlets can be found in Cubao & Main Office in Jocfer Bldg. Commonwealth.

We will make sure that all incoming GPRS outlets from FIRE.NET will be guided accordingly. We want to make our outlets earn and we want to give excellent service to the customer. FIRE.NET opened its first outlet in Lucena, Quezon and will be followed by outlet in Bacolod City. Several more outlets to come before the end of this year.

The service of **Ecash credit to bank** can also be utilized. There are time differences for local & international crediting. For local, crediting of amount will take one (1) banking day. If sent after bank cut off in a day, money will be available the following day. If sent during weekend, the money will be available in the start of the following week's banking day. For international, crediting will take 1 to 2 banking days. Charges for these transactions can be seen in our system.

- Local & International Ticketing

Domestic Ticket Mark-up – Php 150.00 to Php 300.00 per transaction or per way

Int'l. Ticket Mark-up – Php 750.00 to Php 1,200.00 per transaction or per way

Our International Ticketing is still in testing stage.

- Bills Payment

- Dealer can transact a maximum of 10 transactions per day. Can provide transaction report but not official or physical receipt. Only outlet can provide receipt.

We can get our mark up for bills payment from the usual transportation fare that a person is spending when paying bills. If someone will request to use your payment facility, you can have his/her transportation expense as mark up or payment. This will save him/her the time & effort to go to Bayad Centers.

- Franchise Fee & Services Offered for 2011

Franchise fee breakdown:

- Franchise fee - Php 300,000.00 + 12% Vat
- System License fee - Php 100,000 + 12% Vat (renewable after 5 years)
- Security Bond Deposit - Php 100,000.00 (refundable upon termination of franchise)
- Pre-funding - 8 Dealer accounts (with packages)  
- 7 slots for free (without packages)
- Total Franchise fee - Php 596,000.00

Services Offered:

- Remittance
- Loading
- Ticketing
- Bills Payment

Unlike the dealer account, a franchise or outlet has unlimited service to offer the clients everyday. The franchise will also earn Php 200.00 per Dealer kit since packages will also be available as franchise product. Members can directly go to franchise to load their Ecash. In depth explanation of franchising will be discussed by GPRS Marketing group upon receipt of "Letter of Intent" from the person, entity or group who decides to invest.

A GPRS member who can directly sponsor a franchise will receive a referral fee of Php 40,000.00.

GPRS franchise will provide additional services to clients like money changer, pawnshop, courier, etc. GPRS will officially announce these services once ready.
